

Instructions for Database Searching

- If looking for a Plat of Survey, Right of Way information, or a Section Corner Monument, the Rock County Surveyor Database can help.
- On the county surveyor's home page click on **Surveyor Database Search Tool**.

Enter known information. Most of the information required for searching can be found in your legal description or tax information (See [Tax Database Search](#)).

- Use the **Right of Way Search** if roadway information is desired. Enter the name or partial name of the road and/or select the Section and Township from the dropdowns.
- Use the **Condo/Subdivision Search** if the parcel is located in a Subdivision or Condominium. Enter the name or partial name of the condo/subdivision and/or, select the Section and Township from the dropdowns. Surveys listed by lot and block.
- Use the **Unplatted Land Survey Search** if the parcel is not located in a subdivision. Select the Section and Township information from the dropdown list. Section and Township should be listed in your tax information or legal description. Surveys listed by quadrant.
- Use the **Tax ID Number Search** if the Tax ID is known. This should be listed in your tax information or on the County's GIS site. Please note that this is an ongoing project and only about 50% of the surveys have a Tax ID number assigned.
- Use the **Map Number Search** if the map number is known. Select M (Unplatted) or S (Subdivision) and then enter the map number.
- Use the **PLSS Monument Search** if looking for Section corner information. Use the Interactive map link or enter the code manually by selecting the appropriate township from the drop down and use A FOUR DIGIT CORNER CODE beginning with a zero. Please see reference pdf to find help determine the four digit corner code.

Right of Way, Condo/Subdivision, Unplatted Land Survey, Map number and Tax ID Search

- Your survey search will pull up a list with a “Details” tab.
- Click on a desired “Details” tab to get more information on your search results
