Executive Summary

Purchase of a Hitachi Data Systems SAN Expansion Tray and Disk Drives

As part of managing the information storage for all County departments, the Information Technology Department's 2012 operational Computer Hardware Account (1430-0000-67131) includes funding for adding storage capacity to the County's Hitachi Data Systems storage area network (SAN). The additional storage capacity is needed in order to meet the increasing data storage requirements for all County systems and applications.

The following are the data storage components related to this purchase:

- One Modular 2U SAS Storage Expansion Tray (\$3,810.98);
- 10 Modular 600GB SAS 10K RPM Disk Drives (\$7,182.05);
- Cables and Mounting Rail Kit (\$102.36);
- Installation Services (\$381.54), and
- 2 Years Maintenance Support (\$1,111.07).

The total cost is \$12,588.00, and the purchase will be made from AE Business Solutions of Madison under pricing and terms of the UW Madison Contract #10-2052.

**Executive Summary
Authorizing Acceptance of
2013 Highway Safety Project Grants**

The Wisconsin Department of Transportation, Bureau of Transportation Safety, makes funds available each year to various local law enforcement agencies for highway safety programs. The intent of this program is to provide additional traffic enforcement patrols directed at improving traffic safety by speed enforcement, alcohol enforcement, and seatbelt enforcement, thus reducing hazardous motorist behavior on roadways with a high incidence of injury or fatal accidents.

In Wisconsin, during 2011, speed-related crashes were listed as a contributing factor in 16.3% of all crashes, and almost 27.1% of all fatal crashes. One hundred sixty people died in these crashes.

In Wisconsin, during 2011, alcohol was listed as a contributing factor in 4.7% of all crashes. Thirty-two percent of all vehicle crash fatalities in 2011 were alcohol-related, resulting in 183 deaths.

In 2011, 52% of persons killed and 25% of persons sustaining incapacitating injuries in Wisconsin crashes were not wearing safety belts. Many of these people were ejected from their vehicle. It has been estimated that safety belt use by motor vehicle occupants in Wisconsin prevents more than 200 traffic related fatalities and more than 8,000 serious injuries annually.

The 2013 grants are for \$90,000. Grant funds in the amount of \$80,002 will be used for wages and related benefits. Grant funds in the amount of \$9,998 will be used to purchase in-squad video cameras with accessories.

A local match of 25% (\$22,500) is required. The match may be an in-kind (soft) match or a hard match.

Executive Summary

Amending the Sheriff's 2012 Budget to Use Equitably Shared Funds – TLO and Lexipol

The Department of Justice Asset Forfeiture Program is a nationwide law enforcement initiative that removes the tools of crime from criminal organizations and deprives wrongdoers of the proceeds of their crimes. Federal law authorizes the Attorney General to share federally forfeited property with participating state and local law enforcement agencies.

Equitably shared funds are required to be used by law enforcement agencies for law enforcement purposes only. The intent of the transfer is to enhance law enforcement. It must increase, not supplant the recipient's appropriated operating budget.

For their participation in the program, the Sheriff's Office received funds in the amount of \$6,003. The Sheriff's Office plans to use the funds to subscribe to TLO Systems and Lexipol Services.

TLO Systems: TLO Systems is an online database of public and proprietary records that provides information about people, businesses, assets, and locations.

As this system is web based, it is not computer specific, and it can be used by all sworn members of the Sheriff's Office via any device with Internet access. This includes laptops and cellular phones. The TLO system is assisting over 100,000 law enforcement officers across the country and is not only utilized for criminal investigations, but is also useful when conducting background investigations for employment.

Lexipol Services: Lexipol is America's leading provider of risk management policies and resources for law enforcement organizations, delivering their services through a unique, web-based development system. Lexipol offers state-specific policy manuals that are integrated with scenario-based daily training on high-risk, low-frequency events.

Contracting with this service will allow the Sheriff's Office to update all critical policies, ensuring that they are current and in compliance with recent case law and best practices. This program is considered so effective in reducing liability that the insurance provider for the Sheriff's Office, Wisconsin Municipal Mutual Insurance Company (WMMIC), has agreed to pay one half of the cost of bringing this program into our agency.

TLO Systems	14 months at \$110 per month	\$1,540
Lexipol Services	\$4,463 annually	<u>\$4,463</u>
Total		\$6,003

Executive Summary

Amending the 2012 Human Services Department Budget to Accept Additional Funding for Disproportionate Minority Contact

The Human Services Department has received funding in past years from both the John D. and Catherine T. MacArthur Foundation and the Wisconsin Office of Justice Assistance to address issues of disproportionate minority contact in the juvenile justice system.

MacArthur funding began in October 2007 and was originally scheduled to end September 30, 2011. The Department received four separate one-year awards during this time totaling \$580,000. Through negotiations with MacArthur representatives in 2012 the Department was allowed to expend \$148,787 in unspent funds from these allocations.

The Wisconsin Office of Justice Assistance (OJA) also agreed to allow the Department to carry forward an additional \$22,518 in previously awarded grants funds into 2012

Funds from both MacArthur and OJA have continued to be used in 2012 to promote juvenile justice system reform by further implementing best practices and providing staff and system partner training.

No additional county funds are required.

Thank you for your consideration.

EXECUTIVE SUMMARY

The Council on Aging receives a "Nutrition Services Incentive Program" grant from the U.S. Department of Agriculture. The grant rewards Older Americans Act-funded nutrition programs that efficiently deliver nutritious meals to older adults. The State determines each county's allocation based on the percentage of meals the County provides compared to the State as a whole. The Council on Aging uses its allocation to support the congregate nutrition program.

No county tax levy is required.

EXECUTIVE SUMMARY

In the Federal Water Pollution Control Act Amendments of 1972, federal law created a process to establish locally developed area-wide water quality management plans. Area-wide water quality management planning was codified at the state-level through the development of Wisconsin Administrative Code NR121, which specifies that Area-wide water quality management plans include components that deal specifically with metropolitan sewer service areas and their projected needs for 20 years into the future.

The Wisconsin Department of Natural Resources (DNR) makes funding available to regional planning councils and county planning agencies throughout the state for sewer service area planning as it relates to ground water quality and environmentally sensitive areas.

On March 26, 2012, the Rock County Planning and Development Agency received a letter from DNR that contained an agreement to commit \$10,000 for the first year's planning for water quality in the Beloit area. The grant agreement shall commence upon its signing by both parties and continue until December 30, 2012 and grantee may claim eligible costs for reimbursement for work conducted between January 1, 2012 and the end of the grant agreement, and

DNR has made an additional \$5,000 available for work on the Beloit Area Water Quality Plan, and

The last update of the Beloit Area Sewer Service Area Plan was in 1998, and it does not serve current planning needs. Representatives from the Towns of Turtle, Beloit, and Rock, and the City of Beloit have agreed to provide representatives to a Technical Advisory Committee that will oversee the planning process.

Amending the 2012 Motor Pool Budget and Purchase Authorization

The purpose of this Resolution is to amend the Motor Pool (MP) budget to authorize the purchase of one additional vehicle.

Authority to purchase one replacement vehicle is requested for use by Human Services, which needs a full-size AWD vehicle to allow for separators between the front and rear seats and the all wheel drive for winter service. The amount of the budget amendment is less than the full purchase price because there were savings on other MP vehicles purchased previously in 2012 that are being applied to this purchase. This vehicle will be acquired from the current best bid on the state vehicle bid program, Ewald Automotive Group.

EXECUTIVE SUMMARY

AUTHORING FOOD SERVICE CONTRACT FOR ROCK COUNTY JAIL

In 2003, the Sheriff's department began contracting out the food service operation at the Jail. Rock County has been able to realize significant cost savings by contracting out the food service operations while maintaining good quality management and services.

Rock County Purchasing solicited Requests for Qualifications and Cost Proposals from qualified firms and corporations to provide Correctional Food Services at the Jail. Two firms submitted qualifications and cost proposals.

Billing for food services is based on "cost per meal". Rock County's cost would be calculated based on the actual number of meals served. This will be a four year contract (2013-2016) with the option to renew for two additional one-year periods (2017 and 2018). Prices during the first year cannot be changed. Price increases in subsequent years of the contract will be based on the annual percentage increase in the Consumer Price Index, U.S. City Average, Food Away from Home Index as published by the U.S. Department of Labor.

Sheriff's Department and Purchasing staff did review both Qualifications and Cost Proposals submitted and recommend awarding the contract to Aramark as the most responsive and responsible firm. Aramark has extensive experience in providing food services for correctional facilities throughout Wisconsin that are approximately the same size (and much larger than) the Rock County Jail. They also have experience in training and supervision of inmate kitchen workers. Currently 15 inmates assist in food preparation at the Jail.

Executive Summary for the Purchase of the CareTracker Software System for Rock Haven

The purchase of the CareTracker software system for Rock Haven is the first step toward computerized charting for the entire Rock Haven facility. The CareTracker system will allow for an easy, touch screen data entry display that will improve the efficiency of the Rock Haven staff by allowing for electronic documentation of treatment plans and results. Additionally, the CareTracker system will interface with the Melyx system, Rock County's current patient records software, to offer a more comprehensive patient care record.

The following are the system components included in the CareTracker installation:

- 16 Posiflex CECK1501 Kiosks and Appliances for data entry (\$30,115.00);
- On Site Training and Implementation Fees (\$4,200.00).

The following fees will be billed on a quarterly basis:

- Posiflex Hotswap Fee (\$425.00);
- CareTracker Software Maintenance Fee (\$3,456.00)
- Less 15% Commitment Fee* (\$582.15) for a total Quarterly Fee of (\$3298.85).

*Commitment Fee is for an initial term of 5 years

The total implementation cost including the first quarter's maintenance fee is \$37,613.85 and the purchase will be made from Cerner Corporation, a sole source vendor.

Executive Summary

AUTHORIZING CONTRACT FOR JAG CRIMINAL JUSTICE COORDINATING COUNCILS (2010) GRANT CONSULTANT

In August 2012, Rock County was awarded a \$50,000 Jag Criminal Justice Coordinating Councils (2010) Grant by the Wisconsin Office of Justice Assistance. The grant will allow Rock County to hire a consultant to assist in the development of a strategic plan and implementation processes to improve the County's public and private mental health and AODA systems, thereby improving the justice system by reducing incarceration and promoting more successful recovery outcomes for residents with mental health and/or substance abuse conditions.

An improved behavioral health system overall will assure that those individuals needing mental health/AODA services will not only receive the most appropriate and effective treatment, but will receive it as early as possible, when such an intervention is most effective. To accomplish this endeavor, the consultant will work collaboratively with the Behavioral Health Redesign Steering Committee (BHRSC) and utilize the comprehensive needs and resource assessment report borne out of the CJCC's Justice and Mental Health Collaboration Planning Grant initiative.

In September 2012, through the County's Purchasing Manager, a Request for Qualifications was issued to find the aforementioned consultant. In addition to publicizing the solicitation as required by County policy, it was also sent to several additional consultants that were recommended to the BHRSC.

In October 2012, three proposals were received that met the requirements of the solicitation. The proposals were thoroughly evaluated by five members of the BHRSC and they recommended hiring Zia Partners and TriWest to undertake this project. These are the same consultants that worked with the Justice and Mental Health Ad Hoc Committee in conducting the extensive Needs and Resource Assessment in 2011. The recommendation to hire Zia Partners and TriWest was taken to the full BHRSC on November 1, 2012, and the Committee unanimously approved this recommendation and is now sending this endorsement to the County Board.

All funds for this project will come from the JAG Criminal Justice Coordinating Councils (2010) Grant and will not exceed \$50,000. There is no match requirement for the grant and the grant period runs through June 30, 2013, with an extension allowable through September 2013. All funding is contingent upon the necessary state and federal agency approvals.

Executive Summary

The purpose of this resolution is to authorize a contract with Package Pro for courier services for the delivery of all departmental mail for Rock County. The contract will be overseen by the Human Services Department with costs allocated out to all departments that utilize the service.

During budget, it was decided that due to the construction of the new Rock Haven nursing home and the distance they will be from the Health Care Center, Human Services would oversee the day-to-day operations of mail delivery. The current Rock Haven position handling the mail delivery will be re-deployed to another position in 2013 and the services of the contracted courier will be utilized.

Because the contracted courier has the ability to modify their current route to provide services to Rock County, the cost of the contract will be significantly less than the current way we provide mail delivery. There will be a cost savings to the county of approximately \$30,000.

Executive Summary
Awarding Contract for Crop Land Lease at the Rock County Farm

The County of Rock discontinued the Rock County Farm operation in 2003. For the past nine years, the County has leased out 392 acres of crop land. Crop land is leased by a three year contract to a local producer. The current three year lease expires on December 31, 2012.

Bids for the next three year contract have been accepted in October 2012. The contract will run from January 1, 2013 through December 31, 2015. The bids have been submitted based on dollars per acre for each of the next three years. Proposals are evaluated based on proposed cost per acre, past farming experience and financial stability of applicants.

The Agriculture and Extension Education Committee is recommending the high bid of \$357.14 per acre for the 392 acres submitted by Badgerland Grain Farms, LLC. The total bid is \$139,999 for each of the next three years. One half of the total annual lease payment is made on or prior to March 1st, and the remaining balance is paid no later than October 15th each year. Tenant is required to develop and follow a Nutrient Management Plan based on the State's 590 Nutrient Management Specifications and Conservation Plan for the Rock County Farm Property.

**Executive Summary for
Purchasing CelleBrite Mobil Data Field Forensic Kit
Sheriff's Office Detective Bureau**

Resolution 12-8A-084 authorized the purchase of the CelleBrite mobile data field forensic kit using Equitably Shared Funds which were obtained through the Department of Justice Asset Forfeiture Program.

The CelleBrite mobile data field forensic kit provides investigators with solutions for retrieving text messages, photos, video files, contacts, E-mail, call history, and GPS locations from mobile phones. The mobile data kit enables the extraction, decoding, analysis, and reporting of mobile data. It performs physical, logical, file system, and password extraction of all data (even if deleted) from the widest range of devices including legacy and feature phones, smartphones, portable GPS devices, and tablets.

The 2012 Sheriff's budget for Equitably Shared Funds includes \$8,584 for the CelleBrite mobile data field forensic kit.

Cellebrite USA, Corporation provided a letter stating that they were the sole developer and provider of the UFED Forensic System (UFED = universal forensics extraction device).

To Whom It May Concern:

This letter identifies Cellebrite USA, Corporation as the sole developer and provider of the UFED Forensic System. Cellebrite USA Corporation was established in 1999. Cellebrite USA is incorporated in state of Delaware and our U.S. & Canadian operations are based in Glen Rock, NJ. Cellebrite USA has been selling direct for the past 11 years and we do not sell to any first source, GSA or other resellers.

With over 55 carriers in the U.S. and over 100 worldwide we are the exclusive provider of mobile synchronization systems for Verizon Wireless, AT&T, Sprint/Nextel, T-Mobile, Metro PCS, Western Wireless, US Cellular, Cricket Communications as well as thousands of privately held cellular retailers.

The Cellebrite UFED System is the only hand-held, cellular exploitation device worldwide that requires no PC or associated phone drivers. The UFED system will quickly extract phonebook, pictures, videos, SMS messages, calls histories, ESN/IMEI information, and deleted SMS/call histories off the SIM/USIM for rapid analysis. Cellebrite supports all the major technologies (TDMA, CDMA, GSM, IDEN) including , Smartphone operating systems and PDAs (Apple iPhone, Blackberry, Google Android, Microsoft Mobile, Palm and Symbian) for over 95% of all handset models worldwide.

Cellebrite's competitive advantage is its extraction speed, intuitive user interface that is operable with little to no training. With our exclusive nationwide carrier agreements we are receiving pre-production handsets and source codes from the cell phone manufacturers 6 months prior to retail launch which is a major advantage for research and development.

With over 90,000 units sold worldwide and hundreds of thousands of end-users, our products have been deployed reliably and effectively throughout the world for both commercial data synchronization and forensic data analysis. Our forensic customers include the Department of Defense, Federal Government, Intelligence Organizations, Military, and Law Enforcement Divisions.
