EXECUTIVE SUMMARY

This proposed ordinance repeals section 3.104(1) Regulations as to Parking at County Building in Beloit. Since the County no longer owns the building, this ordinance is not needed.

This proposed ordinance also repeals current section 3.212 Fish and Game Restrictions and recreates section 3.212 Shining Animals; Possession of Live Wild Animals. The current ordinance, because of a confusing format and changes in the Wisconsin Statutes it was based upon, became unenforceable. The proposed ordinance preserves the intent of the former ordinance but in a format that provides for clarity and ease of reporting. It is not necessary to spell out each permutation of the statutes nor the definitions therein since by publication thereof, each person is conclusively presumed to know what the proscribed activity is.

AMENDING SECTION 1.120 OF THE ROCK COUNTY CODE OF ORDINANCES

1 The Rock County Board of Supervisors in order to provide clarity and uniformity to the Rock
2 County Code of Ordinances does ordain as follows:

3
4 I. Section 1.120 of the Rock County Code of Ordinances shall be amended to read as follow (new
5 language underscored, ~~deleted language crossed out~~);

6
7 **1.120 Amendments**

8
9 ~~(a)~~ All ordinances passed subsequent to this Code that amend, repeal or in any way affect this
10 Code may be numbered in accordance with the numbering system of this Code and printed for
11 inclusion in this Code. (1) All new ordinances and all amendments to these ordinances
12 hereinafter enacted shall conform to the drafting style and format rules set forth in Part 1 of the
13 Administrative Rules Manual of the Wisconsin Legislative Council. When subsequent
14 ordinances repeal any chapter, article, division, section or subsection or any portion of a
15 chapter, article, division, section or subsection, such repealed portions may be excluded from
16 the Code by omission from affected reprinted pages; and the subsequent ordinances, as
17 numbered and printed or omitted, in the case of repeal, shall be prima facie evidence of such
18 subsequent ordinances until such time that this Code and subsequent ordinances numbered or
19 omitted are readopted as a new code of ordinances by the County Board.

20
21 ~~(b)~~(2) Amendments to any of the provisions of this Code may be made by amending such
22 provisions by specific reference to the section number of this code in substantially the following

30 section may then be set out in full as desired.

31
32 ~~(d)~~(4) All sections, divisions, articles, chapters or provisions desired to be repealed must be

EXECUTIVE SUMMARY

Currently, there is no standard format for the drafting of ordinances. This has led to difficulty in the interpretation of the ordinances. Additionally, some agencies, notably the Rock County Sheriff's Office, must report ordinance violations to the State of Wisconsin in a specific format. Variations in the format make this ordinance difficult, if not impossible. Enactment of the ordinance will not change the intent or substance of any existing ordinance but will, over time, bring more clarity to the Rock County Code of Ordinances.

Re: Parking Structure Project Change Orders

Truesdel Corporation is planning on wrapping things up by the 4th. They have accomplished a lot on both structures and have been doing quality work. As expected additional work was needed, which was the reason we asked for unit pricing at bid time, and created a contingency of \$60,000.00. The resolution gave the General Services Committee the authority to approve all change orders.

The additional work involved repairing areas that had deteriorated since the specifications were prepared for bidding. Other work dealt with issues that will develop into problems in a year or two.

On the west structure, the following additional work was completed, totaling \$21,840.00.

- Concrete demo at top of slab – 300 sq.ft.
- Concrete patch back at top of slab – 300 sq.ft.
- Concrete demo bottom of slab, beams and stems – 40 sq.ft.
- Concrete patch back at bottom of slab, beams and stems – 40 sq.ft.
- Epoxy inject double-tee stem cracks – 40 ln.ft.
- Replace double tee joint sealant – 300 ln.ft.

On the east structure the following additional work was completed, and some work credited, totaling \$18,595.00.

- Concrete repair at top of slab - 125 sq.ft
- Concrete repair at bottom of slab, beams, stems – 100 sq.ft
- Replacement of pour strip sealant – 150 ln.ft.
- Replacement of double-tee joint sealant – 350 ln.ft
- Gravity feed epoxy at slab cracks – minus 400 ln ft.

Executive Summary

Resolution Retaining Engineering Firm for Design Services Relating to Sewage Grinder/ Lift Station Upgrades

Typically, sewage from jails and correctional facilities contains solids such as snack wrappers, disposables, sheets, clothing, and anything that can be flushed down a toilet. Cities often require that these solids be ground at the source before entering the sanitary sewer system. Over the years, the waste stream from jails, including Rock County's, has changed with changes in convenience packaging and offerings through vending machines and commissaries.

The current "Muffin Monster" grinder and pit behind the Jail was installed back in 1995. Even though the system has been reliable, maintenance is continual, the equipment is getting old, and the design is outdated. The infrastructure and equipments needs to be redesigned and upgraded incorporating current technology, safety standards, and design enhancements.

The second piece unique to the Jail, is the need to lift the ground sewage up to meet the elevation of the City sanitary sewer line that flows by gravity to the City treatment plant. Again, the current design and infrastructure is outdated and getting old.

This resolution hires an engineering firm to design a replacement system and prepare the plans and specifications for bidding. Because the cost of the project is still uncertain, funding the work will be dealt with once bids are received. Timeframes from design through construction will be determined once the Engineering Firm is hired.

EXECUTIVE SUMMARY

On September 26, 1995, Rock County used grant funds to purchase 5.8 miles of land beginning in the Town of Clinton in Rock County and ending in Allens Grove in Walworth County. This 100 foot wide corridor, formerly an active railroad line used by Chicago, Milwaukee, St. Paul, and Pacific Railroad Company, was reclaimed as the Pelishek Tiffany Nature Trail. The Pelishek Tiffany Nature Trail is maintained by Rock County and the Pelishek Nature Trail Foundation (PNTF) and it is widely used by snowmobilers during the winter and bikers, pedestrians, and equestrians during the summer.

In April, 2014, the PNTF approached Rock County and Walworth County about improving the mowing and general maintenance of the trail in the 1.2 miles in Walworth County. Beginning in 2015, Walworth County has agreed to contribute an annual amount to improve the maintenance of the trail within their borders. The initial amount will be \$1,300, but it will be reexamined each year and submitted to Walworth County by July 1st for their consideration.

Executive Summary

The Children's Long Term Support (CLTS) waiver program provides Medicaid funding for children who fall under three separate groups: Developmental Disabilities (DD), Physical Disabilities (PD), and Severe Emotional Disabilities (SED). At present, there are about 120 children served by this program in Rock County. The CLTS case management assignments are split between two county social workers and contracted staff through Catholic Charities. Approximately 60% of the cost of the children and youth in CLTS is paid for with federal funds. The County covers the remainder of the cost. The daily rate determined by individual service plans will run in the neighborhood of \$480/day per child under the contract with REM Wisconsin. Institutional placements are in the same range, but are 100% County cost.

Either 3 or 4 children, depending on compatibility will be moved from institutional out-of-home settings and placed in the shift staff home. Staff believe that an individualized home setting offers the best opportunity to reach a higher quality of life and greatest likelihood of permanence.

Children and youth appropriate for this level of care include those with moderate to severe cognitive delays, developmental disabilities, autism spectrum disorders, medically fragile conditions, severe emotional disturbance, physical disabilities and mental health needs. The goal of the shift staff home is to create a community based living arrangements for children in the form of a treatment foster home with round-the-clock support staff and home modifications. The objective is to raise the quality of life for children and youth by allowing them to live in a home tailored to meet their needs and enhance their interests and abilities.

The home is less restrictive to the inhabitants and less costly to the County than institutional settings.

EXECUTIVE SUMMARY

Following the United States Supreme Court's decision that the Affordable Care Act was Constitutional, one policy was changed; whether or not states must accept federal Medicaid funds. Since this decision a number of states have opted against accepting the federal funding.

Governor Walker rejected these federal funds in February 2013, and the decision was backed by the legislature in the budget. However, these decisions can be overturned at any time. These Federal funds would cover 3,030 underinsured and uninsured Rock County residents and 84,000 state residents as estimated by the State's Legislative Fiscal Bureau.

Human Services Departments are impacted by this decision because uninsured or underinsured residents can lead to untreated mental health or substance abuse and lack preventative health care that leads to inability to function, loss of self-sufficiency and loss of jobs.

19 counties, including Rock County (Resolution No. 13-12A-480) have passed resolutions urging Wisconsin to utilize these federal funds. This is also a position shared with the Wisconsin Counties Association.

This resolution would place a question on the November 4, 2014 ballot seeking input from Rock County voters to determine public support and encourage the next Wisconsin Legislature and Wisconsin Governor to accept these federal funds.

**INITIAL RESOLUTION AUTHORIZING GENERAL OBLIGATION
BONDS AND/OR NOTES IN AN AMOUNT NOT TO EXCEED \$1,920,000
PAGE 2**

FISCAL NOTE:

The purpose of this resolution is to authorize expenditures for the purchase of the land and building at 1900 Center Avenue, Janesville, WI prior to actual debt issuance. If the County adopts this resolution, the purchase costs and issuance costs will be included in a subsequent resolution that authorizes the issuance of General Obligation Bonds and/or Notes.

1993 Wisconsin Act 16 (the State Budget Bill) established property tax levy rate limits for Wisconsin Counties, beginning with the 1993 payable 1994 levy. The Wisconsin Department of Revenue's Administrative Rules authorize an increase in the debt levy rate under certain conditions, including resolutions authorizing debt issuance that are adopted by affirmative vote of at least three-fourths of the members of the County Board. The County Board may also approve the issuance of debt by adopting a resolution which provides a reasonable expectancy that the new debt will not cause the County to increase its debt levy rate.

Sherry Oja
Finance Director

LEGAL NOTE:

This is only an initial resolution. Pursuant to sec. 67.05(10), Stats., the County Board, before issuing any contemplated long-term debt, must adopt a resolution levying a direct, annual tax sufficient in an amount to pay for the express purpose of paying the interest on such bonds as it falls due, and also to pay and discharge the principal thereof at maturity. That will happen at a later date.

A majority vote is necessary to adopt this resolution. However, a three-fourths vote of the "members-elect" would avoid any potential issue relative to the debt levy rate limit.

Corporation Counsel

EXECUTIVE SUMMARY
FOR
ACCEPTANCE OF 2014-2015 ROCK COUNTY SNOWMOBILE FUNDING
DNR GRANT S-4365

This resolution provides final authorization to accept funding for the winter 2014-2015 Rock County Snowmobile Trail Program.

Our pre-application has been reviewed and the grant we are accepting is:

S-4365	Trail Maintenance 226.4 miles @ \$250	\$56,600
	Lease Acquisition (now part of Maintenance @ \$250/mile)	\$0
	Insurance (none)	<u>\$0</u>
	Grant Total	\$56,600

The Rock County Public Works Committee and the Parks Advisory Committee will subcontract this work to the Rock County Alliance of Snowmobile Clubs and they will provide most of the actual labor and machinery to do this work. The Rock County Alliance of Snowmobile Clubs is a partner with Rock County to bring this recreational opportunity to the citizens of Rock County. This group is a federal 501(3)(c) tax exempt and State of Wisconsin Chapter 181 charitable not for profit organization. Any clerical, bookkeeping or field work (including labor, materials, and machinery) by DPW Parks Division or Highway Division is 100% billed. Any time spent by the Parks Director to administer and inspect the work of this program is billed to the grant.

These funds are 100% provided by the payments snowmobilers have made through license and prorated fuel tax payments. Rock County receives a 50% advance payment check after the completed contract is signed, the balance due upon final close out of the grant.
