AGENCY RECOMMENDATION

- 11. If you answered Approve With Conditions to 10., list conditions:**
- 3. Proposed lot lines shall include the POWTS area with the building that utilizes the system.
 - 4. Note on final CSM: "No buildings which produce wastewater are allowed on Lot 1 until acceptable means
 - 5. of wastewater disposal is approved by the necessary governmental agencies."
 - 6. Any necessary rezone shall be approved by the Town of Newark.
 - 7. Dedicate a 33 foot half road right of way along S Merlet Rd at the discretion of the Town.
 - 8. Final CSM shall be submitted to and approved by the Agency within one year after preliminary approval.
 - 9. CSMs subject to local approval shall be recorded with the Rock Co. Register of Deeds within 6 months of the last approval.
 - 10.

12. Agency recommendation rationale and findings of fact:

The proposed Land Division creates two lots in Newark Township. The existing residence and other building(s) will be on proposed Lot 2 (consisting of approximately 35.2 acres) and proposed Lot 1 (consisting of approximately 5.31 acres) will have no structures. The parent lot is currently zoned Agricultural District One (A1) by the Town of Newark, according to P&D records. Due to the proposed size of Lot 2, to the Agricultural District Three (A3) is being requested by the Town. The Town of Newark does not currently have a zoning district certified for the Farmland Preservation Program.

- 3. A note on the final CSM shall indicate no Access along Hwy 14 and a minimum of 250 feet south of the Hwy 14 centerline on Weary Rd
- 4. The parent parcel is currently Zoned A1 by the Town of Union. Based on the proposed size of Lot 1, a rezone to A3 is required and has been approved.
- 5. Dedicate 33 foot half road right of way along N. Weary Rd at the discretion of the Town of Union.
- 6. As required by Town of Union, remain parent parcel 6-20-223 shall be combined with parcel 6-20-222 to maintain minimum lot size requirements.
- 7. Final CSM shall be submitted to and approved by the Agency one year after preliminary approval.
- 8. CSM's subject to local approval shall be recorded with the Rock Co. Register of Deeds within 6 months of their last approval
- 9.
- 10.

12. Agency recommendation rationale and findings of fact:

The proposed Land Division divides one new vacant lot from an existing 23 acre property in Union Township (parcel 6-20-223). Lot 1 will include approximately 3.3 acres (excluding right of way), therefore approximately 19 acres will remain within the subject tax parcel. The landowner has additional adjacent land delineated by separate tax parcels based on section boundaries. The parent parcel is currently zoned Agricultural District One (A1) by the Town of Union and the future land use for the area is Agriculture. Based on the proposed lot size of Lot 1 a rezone to Agricultural District Three (A3) has been requested and approved by the Town. The A1 District is certified for the Wisconsin Farmland Preservation Program. Therefore, the Town of Union Zoning Ordinance contains specific standards that must be affirmed when acting on a request to rezone property out of the A1 District. This Land Division is within the Extraterritorial Review Jurisdiction for the City of Evansville and has been approved.

AGENCY RECOMMENDATION

11. If you answered **Approve With Conditions** to 10., list conditions:

- 3. The drainage easement indicated on Lot 2 shall be a minimum of 30 feet wide.
- 4. The Town of Turtle shall approval any zoning changes deemed necessary by the Town.
- 5. Final CSM shall be submitted to and approved by the Agency within one year after preliminary approval.
- 6. CSMs subject to local approval shall be recorded with the Rock Co. Register of Deeds within 6 months of the last approval.
- 7.
- 8.
- 9.
- 10.

12. Agency recommendation rationale and findings of fact:

The proposed Land Division creates two new lots from the 7.3 acre parent parcel in Turtle Township. Lot 1 will consist of approximately 3.2 acres and Lot 2 will consist of approximately 4.1 acres. The property is currently undeveloped. The parent lot is currently zoned Agricultural Exclusive (AE) by the Town of Turtle according to information available at the P&D Agency. Due to the proposed new lot sizes, it is recommended that the property be rezoned by the Town to a Zoning District consistent with the Town's Zoning Ordinance.

This land division is within the extraterritorial approval jurisdiction of the City of Beloit and is within the Sewer Service Area indicated in the 208 Water Quality Plan for the City.

AGENCY RECOMMENDATION

11. If you answered Approve With Conditions to 10., list conditions:

- 3. Note on Final CSM: "Lots 1 and 2 contain existing buildings which utilize an existing private sewerage system at the time of this survey.
- 4. ..."However, soils on the lot may be restrictive to the replacement of the existing system."
- 5. Proposed lot lines must include the system area with the building which utilizes the system.
- 6. The eastern portion proposed Lot 2 contains kettle/depressional topography which may result in seasonal flooding. Therefore...
- 7. ...the final CSM shall include a restriction for no buildings or filling within the area of Lot 2 east of the eastern line of Lot 1.
- 8. Dedicate a 33 foot half road right of way along Rotamer Road and Tarrant Road at the discretion of the Town.
- 9. Final CSM shall be submitted to and approved by the Agency within one year after preliminary approval.
- 10. CSMs subject to local approval shall be recorded with the Rock Co. Register of Deeds within 6 months of the last approval.

12. Agency recommendation rationale and findings of fact:

The proposed Land Division creates two new lots from a 38 acre parent parcel and second existing lot in Harmony Township. New Lot 1 will consist of approximately 13.5 total acres and will be combined with existing CSM Vol. 13 Page 552. Lot 2 will consist of approximately 23.5 acres and contains an existing residence and other buildings. The parent lot is currently zoned Agricultural Exclusive (A1) by the Town of Harmony. Due to the proposed new lot sizes, the applicant as requested that the Town consider rezoning the proposed lots to the General Agricultural Two District (A2)

The eastern portion of Lot 2 consists of internally drained topography which results in seasonal or periodic flooding. These areas generally not suitable for building and should not be filled, thereby reducing natural capacity for storm water. Therefore, staff is recommending that a restriction be placed on Lot 2 prohibiting building and filling.
This land division is within the extraterritorial approval jurisdiction of the City of Janesville.

AGENCY RECOMMENDATION

11. If you answered Approve With Conditions to 10., list conditions:

- 3. Access to John Paul Road to be approved prior to final approval of CSM.
- 4. The parent parcel is currently Zoned A1 by the Town of Milton. Based on the proposed size of Lot 1, a rezone to A2 has been requested
- 5. Dedicate 33 foot half road right of way along N. John Paul Rd at the discretion of the Town of Milton
- 6. Final CSM shall be submitted to and approved by the Agency one year after preliminary approval.
- 7. CSM's subject to local approval shall be recorded with the Rock Co. Register of Deeds within 6 months of their last approval
- 8.
- 9.
- 10.

12. Agency recommendation rationale and findings of fact:

The proposed Land Division creates one new lot from an existing 72 acre property in Milton Township and the City of Milton made up of multiple lots and outlots. New Lot 1 will include approximately 23 acres and existing buildings, therefore approximately 49 acres will remain (not subject to this survey). A majority of the parent parcel is currently zoned Agricultural District One (A1) by the Town of Milton and the future land use for the area is Urban Expansion. Based on the proposed lot size of Lot 1 the owner has applied for a rezone to Agricultural District Two (A2). Approximately 6.6 acres of proposed Lot 1 will remain within the City of Milton and is currently delineated as three outlots (or portions thereof) remaining from previous land divisions. The owner has applied for and obtained a driveway permit for a new access to John Paul Rd. The A1 District is certified for the Wisconsin Farmland Preservation Program. Therefore, the Town of Milton Zoning Ordinance contains specific standards that should be affirmed when acting on a request to rezone property out of the A1 District.

AGENCY RECOMMENDATION

11. If you answered Approve With Conditions to 10., list conditions:

- 3. Note on Final CSM: "No buildings which produce wastewater are allowed on Lot 1 until acceptable means of wastewater...
- 4. ...disposal is approved by the necessary governmental agencies."
- 5. The P&D Committee shall decide whether creation of a flag lot in this case meets the special circumstances tests in the Ordinance.
- 6. Approximately half of proposed Lot 1 contains kettle/depressional topography and/or steep slopes which are unsuitable...
- 7. ...for building. Therefore, the final CSM shall include a restriction for no buildings or filling in these area as shown on a separate exhibit.
- 8. Dedicate a 33 foot half road right of way along N Bryant Rd at the discretion of the Town.
- 9. Final CSM shall be submitted to and approved by the Agency within one year after preliminary approval.
- 10. CSMs subject to local approval shall be recorded with the Rock Co. Register of Deeds within 6 months of the last approval.

12. Agency recommendation rationale and findings of fact:

The proposed Land Division creates one new 16 acre lot from a 68 acre parent parcel in Milton Township. The parent lot is currently zoned Agricultural Exclusive (A1) by the Town of Milton. Due to the proposed new lot size, the applicant as requested that the Town consider rezoning the proposed lot to the General Agricultural Two District (A2). The A1 District is certified for the Wisconsin Farmland Preservation Program. Therefore, the Town of Milton Zoning Ordinance contains specific standards that should be affirmed when acting on a request to rezone property out of the A1 District. The creation of flag lots are generally discouraged by County Ordinance (per sec. 4.116(2)), but if they are approved they must meet specific standards (found in 4.116(2)(a)). That complete section of the Ordinance is included in the packet for reference, but generally speaking it allows the Committee to approve a flag lot in excess of 250 feet in length if deemed necessary to avoid degradation or depletion of an environmental sensitive area, cultural resources, productive ag soils, woodlands or disruption of efficient ag operations. In this case the pole is approximately 800 feet long. Site distance along Bryant is best at the south end of the proposed lot and limited to the north end. Therefore, a safe driveway location shall be permitted prior to final approval in case the lot boundaries must be revised. A large portion of Lot 1 consists of internally drained topography (which may in seasonal or periodic flooding) and/or steep slopes. These areas generally not suitable for building and should not be filled, thereby reducing natural capacity for storm water. Therefore, staff is recommending that a restriction be placed on Lot 1 prohibiting building and filling in these areas. Those area are shown on separate exhibit.

fifteen thousand ^{10,000} ~~(15,000)~~ square feet. The minimum lot width at the front yard building setback line for these lots, in accordance with applicable Town and County building setback lines, or (g) of this Sub-sec., shall be fifty (50) feet.

- (c) Commercial, industrial, and other non-residential lots shall be of adequate size, dimension, configuration, and orientation to provide for off-street parking and loading facilities required for the type of proposed use.
- (d) Lot configuration shall recognize topography and other natural landscape conditions. Lot lines shall abut at right angles or radial to streets, when feasible. Lot frontage on a public street shall be at least one hundred (100) feet for all lots without access to a connection to a public sanitary sewer system and at least fifty (50) feet for all lots with access to a connection to said system or fronting a cul-de-sac. Double frontage lots shall be avoided except for corner lots where they may be required to separate residential land uses from arterial streets or in order to overcome topography, other landscape conditions, or orientation disadvantages. Dimensions of corner lots shall adhere to front yard building setback lines, in accordance with Town building setback lines or (g) of this Sub-sec., from both streets that bound the lot.

4.116(2)(e)
County
LD
Ordinance

- (e) Flag lots shall be allowed only in special circumstances when various factors render creation of a more proportionate lot, in length and width, unachievable. The "pole" of a flag lot shall not exceed two hundred fifty (250) feet in length unless additional length is needed to either avoid significant degradation or depletion of ESA, cultural resources, productive agricultural soils, and/or woodlands, or disruption of efficient agricultural operations. The "pole" shall be used exclusively for vehicular access with specified improvements including landscaping, fencing, utilities, mailboxes, and signs also permitted on the "pole". The "pole" shall maintain a minimum width of one hundred (100) feet for all lots without access to a connection to a public sanitary sewer system, and fifty (50) feet for all lots with access to a connection to said system, for the entire length of the "pole". No "pole" shall be located within two hundred (200) feet of another on the same side of the street unless said "poles" utilize a joint driveway.
- (f) Lot orientation shall be in a manner so as to obtain maximum solar access and energy conservation, with the lot length being north to south and block length being east to west when feasible.
- (g) Front yard building setback lines as stated in this paragraph (g) shall be applicable only on those lots adjacent to a Rock County road and not within the Rock County Shoreland Overlay Zoning District. Front yard building setback lines from arterial and collector streets shall be one hundred and fifteen (115) feet from the street centerline or seventy five (75) feet from the right-of-way, whichever is greater. Front yard building setback lines from local streets shall be fifty (50) feet from the right-of-way for those lots without access to a connection to a public sanitary sewer system and twenty five (25) feet from the right-of-way

AGENCY RECOMMENDATION

- 11. If you answered Approve With Conditions to 10., list conditions:**
- 3. Proposed lot lines must include the POWTS area with the building which utilizes the system.
 - 4. The parent parcel is currently Zoned AE by the Town of Porter. Based on the proposed size of Lot 1, a rezone to AG has been requested...
 - 5. ...Therefore, a recommendation of approval to the P&D Committee is contingent on Town approval of these changes.
 - 6. Dedicate full road right of way along at the discretion of the Town of Porter.
 - 7. Final CSM shall be submitted to and approved by the Agency one year after preliminary approval.
 - 8. CSM's subject to local approval shall be recorded with the Rock Co. Register of Deeds within 6 months of their last approval.
 - 9.
 - 10.

12. Agency recommendation rationale and findings of fact:

The proposed Land Division creates 1 lot from an existing 40 acre property Porter Township, consisting of approximately 3.8 acres and an existing residence and other buildings. The parent parcel is currently zoned Exclusive (AE) by the Town of Porter and the future land use for the parcel is Agriculture. The applicant has applied for a rezone from AE to AG as part of the land division process. The AE District is certified by DATCP for the Farmland Preservation Program, therefore the Town should consider the standards/factors outlined in the Zoning Ordinance related to rezoning property out of a Farmland Preservation Zoning District and related Based Farm Tract standards. The land ownership of this parent parcel extends to the quarter section line, which is approximately 35 east of the centerline of N Tolles Rd. Therefore, if the Town of Porter requests a road dedication as part of this land division, it would essentially be a full road right of way of 66 feet rather than the typical half road right of way (33 feet). If there is no dedication, a portion of Lot 1 will be on the east side of Tolles Rd.

TOWN ACTION

- 14. If you answered Approve With Conditions to 13., list conditions:**
- 3.
 - 4.
 - 5.
 - 6.
 - 7.
 - 8.
