**AGENCY RECOMMENDATION**

**11.** If you answered **Approve With Conditions to 10.**, list conditions:

- 3. Proposed lot lines shall include the POWTS area with the building that utilizes the system area.
- 4. Final CSM shall be submitted to and approved by the Agency one year after preliminary approval.
- 5. CSM's subject to local approval shall be recorded with the Rock Co. Register of Deeds within 6 months of their last approval.
- 6.
- 7.
- 8.
- 9.
- 10.

**12.** Agency recommendation rationale and findings of fact:

The proposed Land Division separates approximately five acres and the house from the parent parcel. It appears a rezone would be required from the Town, as indicated on the application. Based on the 2015 air photo, a portion of the proposed new lot is actively being farmed. The land is in the A1 Zoning District of the Town of Newark. If the land division is approved, the Town may want to consider making a condition of approval that the lot area be reduced to only include non-cropland and manage future non-farm development on the parent parcel (approximately 101 acres remaining) with a deed restriction.
