REASON FUNDS ARE AVAILABLE FOR TRANSFER - BE SPECIFIC:

Dept. Retirement account will contain available monies per State Budget Repair Bill required employee contribution for 1 of 2 staff that is unilateral class. The balance is requested to come from the County's Contingency Account.

REASON TRANSFER IS NECESSARY - BE SPECIFIC:

This account covers the siren maintenance for 40 sirens throughout the County. In 2011, the County contracted with Bandt Communications to undertake preventative maintenance and costs \$3,530 per year. In addition, repairs of the sirens are included in this account and totaled \$4,379.49. This leaves the account over budget by \$3,645.30.

AUTHORIZING PURCHASE OF NETWORK INFRASTRUCTURE EQUIPMENT

Page 2

LEGAL NOTE:

The County Board is authorized to take this action pursuant to secs. 59.01 and 59.51, Wis. Stats. In addition, sec. 59.52(29), Wis. Stats. requires the project to be let to the lowest responsible bidder.

Jeffrey S. Kuglitsch
Corporation Counsel

FISCAL NOTE:

This resolution authorizes the purchase of infrastructure equipment for Information Technology's Capital Projects, A/C 07-1444-0000-67171, which has a current unencumbered, unexpended balance of \$106,834. This capital project is mostly funded by the 2011 debt issue.

County Administrator

Executive Summary for the Purchase of Network Infrastructure Equipment

As a Capital Improvement Program project, this project is focused on improving the County's network infrastructure for the purpose of delivering faster network speeds and enhancing network security for all County systems and users. After the replacement of the County's two primary network core routers, County users will notice markedly better system response times, and more refined network security features will be implemented.

The purchase is for 2 Cisco Nexus 5596UP network routers and associated components.

These network infrastructure items will replace equipment that is now over 11 years old and no longer capable of providing the desired level of network throughput, functionality, and security. The replacement routers are projected to have a similar life-span of approximately 10 years.

One replacement routers will be located in the HCC Data Center, and the other replacement router will be located in the HCC PBX communications room.

The network infrastructure equipment will cost \$99,628.64 and be purchased from Core BTS using the pricing and terms of the State of Wisconsin contract #15-20664-501.

Executive Summary

Amending the 2011 Rock County Human Services Department Budget to Accept Additional Funding for the Provision of Economic Support Services

This resolution amends the 2011 Human Services Department budget to accept \$170,962 in additional economic support related funds. The Human Services Department annually receives sum-sufficient funding through the Wisconsin Department of Health Services and the Department Children and Families for Emergency Assistance, Medical Assistance Transportation, and the Funeral and Cemetery Aids Program.

- Emergency Assistance provides financial assistance to eligible Rock County residents with a child to help keep them in their home. Families must have a current emergency of impending homelessness, homelessness, energy crisis, fire, flood or natural disaster.
- Medical Assistance (MA) Transportation provides reimbursement for transportation to and from MA covered services, such as a medical appointment, for clients receiving MA. This funding ended June 30th, 2011 and all appointments are now scheduled through a transportation broker identified by the State.
- The Funeral and Cemetery Aids Program reimburses funeral and cemetery expenses for eligible clients already receiving specific sources of public assistance in the event of a death.

No additional County dollars are required to accept these funds.

Thank you for your consideration.

**Executive Summary
Authorizing Acceptance of
2012 Highway Safety Project Grants**

The Wisconsin Department of Transportation, Bureau of Transportation Safety, makes funds available each year to various local law enforcement agencies for highway safety programs. The intent of this program is to provide additional traffic enforcement patrols directed at improving traffic safety by speed enforcement, alcohol enforcement, and seatbelt enforcement, thus reducing hazardous motorist behavior on roadways with a high incidence of injury or fatal accidents.

In Wisconsin, during 2010, speed-related crashes were listed as a contributing factor in 18.3% of all crashes, and almost 32.5% of all fatal crashes. One hundred sixty-eight people died in these crashes.

In Wisconsin, during 2010, alcohol was listed as a contributing factor in 5.2% of all crashes. Forty-one point four percent of all vehicle crash fatalities in 2010 were alcohol-related, resulting in 220 deaths.

In 2010, 48% of persons killed and 25% of persons sustaining incapacitating injuries in Wisconsin crashes were not wearing safety belts. Many of these people were ejected from their vehicle. It has been estimated that safety belt use by motor vehicle occupants in Wisconsin prevents more than 200 traffic related fatalities and more than 8,000 serious injuries annually.

The 2012 grants are for \$90,000. Grant funds in the amount of \$80,002 will be used for wages and related benefits. Grant funds in the amount of \$9,998 will be used to purchase in-squad video cameras with accessories, from Dell using the State of Wisconsin Contract #45ABZ contract pricing.

A local match of 25% (\$22,500) is required. The match may be an in-kind (soft) match or a hard match.

EXECUTIVE SUMMARY

Rock County Local Emergency Planning Committee (LEPC) received an increase from Wisconsin Emergency Management for the 2012 EPCRA Planning Grant. The LEPC portion of the Emergency Management office works on a federal fiscal year that overlaps two calendar years. Thus, twenty-five percent covers the 2011 allocation and seventy-five percent covers the 2012 allocation.

The new fiscal year that this program covers starts October 2011 and runs through September 2012.

EXECUTIVE SUMMARY

The Rock County Communications Center is directly responsible for the operation and maintenance of the public safety radio communications infrastructure throughout Rock County. Continuous interoperable voice radio communications between public safety agencies of Rock County and the 911 Communications Center are essential to providing the most efficient public safety services to the citizens of Rock County.

In 2008, Rock County and the cities of Janesville and Beloit contracted for a County-wide Interoperable Communications Study for the purposes of future public safety communications planning. To improve countywide public safety interoperability, and also meet the Federal Communications Commission (FCC) mandate for "narrow-banding", the Study recommended that Rock County public safety voice communications move to a hybrid VHF-UHF digital trunked voice radio system. Rock County then contracted with a grant-writing vendor in an attempt to secure grant funding for the recommended digital trunked voice radio system. As of this date, no grant sources have been located for digital trunked infrastructure.

As mentioned above, the Federal Communication Commission (FCC) has announced that certain portions of radio frequency spectrum would be required to be "narrow-band" by January 1, 2013. This unfunded mandate applied to all public safety voice radio frequencies used within Rock County. "Narrow-banding" is the reduction of radio spectrum that each applicable radio frequency holds a license for. This mandate will result in a loss of radio coverage area for Rock County public safety (especially for portable radio equipment). Additionally, the FCC is expected to announce a further "narrow-banding" mandate in the near future. Further "narrow-banding" of the existing analog public safety radio frequencies would require a very large increase in the amount of voice radio infrastructure equipment and tower sites, thus making the system very expensive to operate.

Rock County public safety officials thoroughly researched the issue of future public safety voice radio communications. Their recommendation is for Rock County public safety to convert the existing analog voice radio communications system to a digital mode by January 1, 2013. This conversion will increase radio coverage within the County without requiring any additional tower site locations. The conversion will ultimately position Rock County public safety voice radio communications to meet near future expectations.

The County will fund the conversion of the existing public safety voice radio infrastructure, 911 Communications Center radio equipment, and other County departments utilizing voice radio equipment. Each public safety agency will be responsible for their respective analog to digital conversion costs of their field

radio equipment. Although federal funding is not available for "narrow-banding" radio infrastructure reimbursements, an Assistance to Firefighters grant application is pending in an effort to assist Rock County fire/EMS agencies with the cost of their radio field equipment.

A significant amount of the existing public safety radio infrastructure can be modified to operate in digital mode with the purchase of specialized Internet Protocol equipment offered by the vendor RAYTHEON. Other non-specialized equipment can be purchased off of the State of Wisconsin WSCSA contract. The RAYTHEON dealer in our area is General Communications, Inc., of Madison, WI. General Communications has been the Rock County public safety infrastructure maintenance vendor for the last seventeen years.

The Rock County Sheriff's Office and certain other County departments utilizing voice radio communications equipment will need to re-program their existing mobile and portable radios for narrow-band operations or purchase analog/digital capable radio equipment. The funding necessary to re-program or replace the existing Sheriff's Office and other County department's mobile and portable radios was included in the 2011 budget and totals \$335,263.

Executive Summary

The Rock County Sheriff's Office has partnered with the Wisconsin Department of Natural Resources (DNR) to help make snowmobiling a safer sport in Rock County and to assist with the DNR's mission of protecting, enhancing, and promoting the safe and wise use of our natural resources.

The Rock County Sheriff's Office formed a Recreational Safety Team in 2008, which consists of twelve deputies and four sergeants. Team members are trained and specialized in water search and rescue techniques, ATV operations, as well as boat and snowmobile patrol to offer greater services to the citizens of Rock County.

The Sheriff's Office Snowmobile Patrol Team is responsible for patrolling the trails in Rock County. The Snowmobile Patrol Deputies respond to crashes, injuries, and property damage complaints. The Snowmobile Patrol Team investigates snowmobile crashes and enforces state laws regarding snowmobiling. The Snowmobile Patrol Team also responds to road accidents during major snow events.

In return for providing snowmobile patrols during the 2011 season, the DNR reimbursed the Sheriff's Office in the amount of \$9,195.50. This was a non-budgeted revenue.

The Sheriff's Office requests to use the \$9,195.50 as a source of funds to purchase and outfit a new snowmobile in 2011 (make and model still to be determined). The current snowmobile fleet consists two 2002 Arctic Cat Z570ESR snowmobiles, which were purchased from the Federal Surplus 1033 Program.
