

RESOLUTION

ROCK COUNTY BOARD OF SUPERVISORS

Public Works Committee
INITIATED BY

Ben Coopman, Director of Public Works
DRAFTED BY

Public Works Committee
SUBMITTED BY

December 31, 2013
DATE DRAFTED

AWARDING QUOTES FOR HOOP-STYLE SAND/SALT STORAGE BUILDING MATERIALS AT DEPARTMENT OF PUBLIC WORKS

- 1 WHEREAS, the existing sand/salt shed storage at the Department of Public Works (DPW) is insufficient at
- 2 three different DPW locations throughout the county; and,
- 3
- 4 WHEREAS, the Wisconsin Department of Natural Resources has notified Rock County that the County
- 5 may not store its sand/salt mixtures uncovered; and,
- 6
- 7 WHEREAS, the DPW Staff did advertise and solicit quotes from qualified hoop-style building suppliers;
- 8 and,
- 9
- 10 WHEREAS, Public Works' staff did review all quotes received and are recommending the most responsive
- 11 and qualified quote.
- 12
- 13 NOW, THEREFORE, BE IT RESOLVED by the Rock County Board of Supervisors duly assembled this
- 14 9 day of January, 2014 that Purchase Orders be issued to TEK Supply of South
- 15 Windsor, CT in the amounts of \$8,275.77, \$5,136.70 and \$5,136.70 for a total amount of \$18,549.17.
- 16
- 17 BE IT FURTHER RESOLVED, that periodic payments may be made to the contractor upon
- 18 approval of the Public Works Committee.

– EXECUTIVE SUMMARY –

**AWARDING QUOTES FOR HOOP-STYLE SAND/SALT STORAGE
BUILDING MATERIALS AT DEPARTMENT OF PUBLIC WORKS**

This Resolution authorizes award of three separate quotes for three different sites for hoop-style sand/salt storage building materials. The sites are located at Milton, at STH 11 and Interstate 39/90 and at Orfordville. The Department of Public Works (DPW) staff will prepare an asphalt paved pad and modular concrete block walls at each site upon which they will erect these hoop-style storage covers.

The Wisconsin Department of Natural Resources (WDNR) monitors storage of all sand/salt and salt used for winter highway maintenance throughout the state. Rock County has been notified by WDNR that its storage practices at the three sites mentioned above are not in compliance with the WDNR regulations. Rock County was ordered to either cease outside storage or cover the piles.

DPW staff did a thorough analysis of the options and took into consideration the price of these semi-temporary buildings (estimated to last 7 years), buying temporary tarps annually or ceasing storage at these sites and taking time away from winter operations for additional distance hauling from other existing facilities elsewhere in the county.

The current facilities at Milton and STH 11 are anticipated to be either moved or eliminated in conjunction with the construction of the STH 26 bypass or I-39/90 widening projects. The Department anticipates it will move its sand/salt storage from a rented gravel pit at Orfordville onto land it owns next to the DPW Garage at Orfordville in the near future. The timing of these moves is such that continued annual costs for tarping are prohibitive, while at the same time circumstances do not warrant more permanent building construction.

The recommended quotes are to TEK Supply, the only bidder that met the quote specifications.

The funding source is proposed as the existing budget authority in the Buildings and Grounds Cost Pool for capitalization of capital assets, which is recouped through charges made to the Salt Sheds Cost Pool over time. The budget authority exists in the capital assets 2013 budget that will be reallocated to these purchases.

Rock County				
Department of Public Works
