DRAFTED BY

August 27, 2012  
DATE DRAFTED

**Authorizing Purchase of Hardware for the Spillman Records Management System**

- 1 **WHEREAS**, the Law Enforcement Agencies of Rock County are in the process of upgrading the shared
- 2 Records Management System (RMS) software; and,
- 3
- 4 **WHEREAS**, Spillman was awarded the contract for the RMS software upgrade; and,
- 5
- 6 **WHEREAS**, Spillman has specified server hardware necessary for the operation of the new RMS
- 7 software; and,
- 8
- 9 **WHEREAS**, the Information Technology staff did review and verify that equipment specified by
- 10 Spillman was available on the Wisconsin State Contract (WSCA/NASPO) #15-20400-905; and,
- 11
- 12 **WHEREAS**, the funding authorization to purchase the necessary hardware for the new shared Records
- 13 Management System has been approved.
- 14
- 15 **NOW, THEREFORE, BE IT RESOLVED** by the Rock County Board of Supervisors duly assembled
- 16 this 13 day of September, 2012 that a Purchase Order be issued to Dell in an amount not to exceed
- 17 \$27,779 for the purpose of purchasing server hardware necessary for the new RMS System.

12-9A-113

Respectfully submitted,

**Public Safety & Justice Committee**

FISCAL NOTE:

Sufficient funding is available in the Law Records Management System Capital Asset account, A/C 07-1445-0000-67171, for this purchase. This project is funded by Sales Tax proceeds.

Sherry Oja  
Finance Director

LEGAL NOTE:

The County Board is authorized to take this action pursuant to secs. 59.01 and 59.51, Wis. Stats. In addition, sec. 59.52(29), Wis. Stats. requires the project to be let to the lowest responsible bidder.

Jeffrey S. Kuglitsch  
Corporation Counsel

ADMINISTRATIVE NOTE:

Recommended.

Craig Knutson  
County Administrator

## Executive Summary

Seven Rock County Law Enforcement Agencies (Beloit, Edgerton, Evansville, Janesville, Milton, Town of Milton, and Rock County Sheriff) currently share a records management system used for storage and retrieval of incident, arrest, warrant, traffic accident, and citation data. This system, provided by Motorola, has been in use since 1999. Motorola is no longer providing functional upgrades to this system.

The participating agencies chose to issue a Request for Proposal RFP to identify a replacement product for today's records management system. Spillman Technologies presented the system which best met the needs of the participating agencies.

Spillman's software improves on today's methodology by enabling officers to enter reports from their squad cars, allowing them to spend more time in the field. In the office, administrators will have a greater catalog of reports for review, including the ability to create crime maps to identify areas in the community that may need additional police attention.

The 2012 Rock County budget includes \$750,000 for the purchase of a new law enforcement records management system. The participating agencies will be contributing \$165,000 towards the \$750,000 that has been budgeted. This is a Capital Improvement Program project.

In June, the Rock County Board authorized the purchase of the Spillman Records Management System.

This resolution authorizes the County to issue a Purchase Order to Dell for a total not to exceed \$27,779 for the purchase of a new server for the operation of the new Law Records Management System Software.
