Executive Summary  
Authorizing Acceptance of the  
Natural Resource Foundation Besadny Conservation Grant  
and  
Amending the 2011 Budget

Rock County Parks was selected as one of 28 Besadny Conservation Grant recipients. We were awarded the maximum, \$1,000 to design, fabricate and install State Natural Area educational signs. The Besadny Conservation Grant is a 50/50 match. Matching funds will come from staff time to design and install the panels.

Sections of Magnolia Bluff and Carver-Roehl County Parks were designated as State Natural Areas (SNA) in November 2010. The parks were selected based on their habitat quality and diversity, extent of past disturbance, context within the greater landscape, and rarity of features on local and global scales.

These signs will educate all users about the rare resources found in each park. Panel topic ideas include: SNA program and why each park was chosen; invasive species removal; prairie restoration; or threatened species management. Interpretive panels will be printed in full color on a high-pressure laminate surface – which will last for many years, even in an outdoor setting.

Interpretive panels truly are a wonderful educational tool, but they are expensive to fabricate. With limited budgets, outside funding was sought to cover the cost of these panels. The panel fabrication is made possible through this grant.

**Executive Summary**  
**Authorizing Partnership Agreement,**  
**with the Pelishek Nature Trail Foundation, Incorporated**

Rock County made this acquisition in September 1995, from Pelishek Contracting, Incorporated, for park trail purposes. Pelishek Contracting, Incorporated, had acted in advance to secure these lands from the Railroad Holding Company so that Rock County would be able to secure grant funding for the purchase of these approximately 63.85 acres of land running from Clinton to Allens Grove. Via the grant process, 100% cost funding for this acquisition was secured: 50% from the Snowmobile Grant Program and 50% from the Stewardship Program. The trail is open, developed and maintained for snowmobiles in the winter via operational funding in a yearly grant.

The Pelishek Nature Trail Foundation (PNTF) was formed to work with Rock County to develop, operate and maintain the trail during the summer months for bicycling, horseback riding, hiking and nature study. This partnership agreement provides a means for summertime trail maintenance and use. At the present time, a ten-year agreement is in place. This agreement is an extension of the existing agreement, with no changes.

The Pelishek Nature Trail Foundation does a wonderful job maintaining the trail and rest stops. We are incredibly thankful for all of their hard work.

The Pelishek Nature Trail Foundation is incorporated in the State of Wisconsin and has federal 501(3)(c) tax-exempt status.
