1983 BARNES VOL 6 PG 303 310,088.95; 2,240,708.35
COORDINATES FOR THE S 1/4 COR SEC 32

FD BROKEN CI MON & LATH AT N 1/4 COR SEC 5 & REF MONUMENTS AS SHOWN IN DRAWING. @ S 1/4 COR SEC 32, T5N R12E FD DECAYING ALUM MON. AND N13-05-25E 0.89' OF MON. AT RD SURFACE A PK. DROVE 3/4X24" REROD IN CENTER OF ALUM. MON. IN 1979 SANDSNES DUG AND FOUND CONCRETE MON. & HE SET ALUM. MON TO SURFACE ABOVE THE FOUND CONCRETE MON.

C) Was the corner restored through acceptance of (1) an obliterated evidence location, or, (2) a found perpetuated location?

ACCEPTED FD CI MON. @ N 1/4 COR SEC 5 & ALUM. MON. @ S 1/4 COR SEC 32. THE FD & PERPETUATED 1 1/2" PIPE THAT IS S67-32-08E 19.48 OF THE S 1/4 COR SEC 32 IS PROBABLE THE ONE SET BY ELY IN 1964. IN HIS SURVEY MAP#1046 HE STATES HE SET A 1" IRON STAKE 19.00' EAST OF THE S 1/4 COR SEC 32 AT N1/4 COR SEC 5.

D) Describe any material discrepancy between the location of the corner as restored or reestablished and the location of that corner as previously restored or reestablished by distance and direction. Show the discrepancy on the plan view drawing under (a), above. Show the distances between the corner as previously restored or reestablished and (1) the corner as restored or reestablished, and (2) to at least 4 of the witness monuments shown on the drawing in (a), above.

THERE IS A 0.89' DISCREPANCY BETWEEN THE FD PK AND ALUM. MON. @ THE S 1/4 COR SEC 32. ALSO THERE APPEARS TO BE DISCREPANCY BETWEEN ELY'S CORNER AND THE C.I. MONUMENT.

(E) Was the corner reestablished through lost corner proportionate methods? If so, show the method, including the directions and distances to other public land survey corners used as evidence or used for proportioning the corner location.

I, **Donald Barnes**, hereby certify that the corner location as identified by the corner code index was determined by me under my direction and control and that this U.S. Public Land Survey Monument Record is correct and complete to the best of my knowledge and belief.
