#### **Executive Summary**

As recently as December 31, 2014, there were five ES Supervisors. One of the Supervisors was a project position funded with ACA funding. The state reduced the ACA funding by 43% from calendar year 2014 to calendar year 2015. Thus, the 2015 Adopted Budget eliminated seven vacant ES project positions and one ES project Supervisor.

There is additional workload beginning April 1, 2015 with the advent of the state's initiative to make FoodShare Employment Training mandatory for able bodied adults without dependents. However, the workload has increased for the entire Division over the last three years. Call volume in the call center has tripled since January 2012. The number of applications for benefits is rising at the rate of 12% a year. The advent of the Affordable Care Act has meant an increase in caseloads.

The ES Lead worker would assist with large workloads, as well as answer questions and can be assigned where needed. The Lead would take some burden off the four Supervisors who have other duties besides direct supervision. The cost of deleting 1.0 vacant ES position and creating 1.0 Lead ES position is minimal and can be absorbed in the current budget.

#### **Executive Summary**

The State contracted with Rock County Human Services for many years to perform education and training services known as the FoodShare Employment Training (FSET) Program. The goal of the Program was to make the FoodShare recipients job ready and to assist them with finding employment. That arrangement changed with the 2013-15 State Budget that authorized contracted agencies to operate the FSET program. On April 1, 2015 the Southwest Wisconsin Workforce Development Board (SWWDB) received the State FSET contract for Region 10, which includes Rock County. Thus, the SWWDB will administer the FSET Program for able bodied adults without dependents (ABAWDs), but the responsibility for the administration of their FoodShare benefits and potential related matters remains with the county.

New rules require that all ABAWDs ages 18-49 participate in the FSET Program in order to receive FoodShare benefits. It is estimated there will be approximately 3,300 individuals in the Southern Consortium, of which 2,153 individuals are within Rock County.

The FSET work requirement affects the Income Maintenance workload because Economic Support (ES) workers will spend more time processing and reviewing FoodShare cases to determine who is an ABAWD and whether each ABAWD qualifies for an exemption. The new FSET rules will likely result in SWWDB workers issuing sanctions to ABAWDs due to noncompliance. The ES case workers are responsible for making changes to benefit levels for those who do not meet the work requirements as well as re-enrolling compliant individuals. It is expected that the number of FSET recipients filing appeals will increase. ES workers process all appeals that result in administrative hearings thereby increasing the ES workload, therefore, Rock County HSD requests to create (3.0 FTE) new project Economic Support Specialists with the additional funding.

Josh Smith

County Administrator

### AMENDING AND APPROVING THE 2015 BASE WAGE RATES FOR EMPLOYEES COVERED BY THE UNILATERAL PAY PLAN

#### **Executive Summary**

The purpose of this resolution is to provide for salary increases for those County employees who are not covered by a labor agreement (unilaterals).

In 2015 employees in all of the eight non-law enforcement labor units received a 1.5% across the Board salary increase effective January 1, 2015.

To keep the unilaterals on pace with the labor units this resolution provides for a 1.5% across the board salary increase for the unilaterals effective January 1, 2015.
