JUNE 12 2006

FU4536

1998 REIGEL G-11(1) FD A 1" IRON PIPE AS CALLED FOR ON GCM VOL 18 PG 262-264 AND SET 4 TIES AS SHOWN.

2002 COMBS GCM 26-25 IP @ GEN SEC 9, FROM ALUM @ N ¼ COR SEC 9 SOUTH 1362.14 ALONG N/S ¼ LINE TO SOUTH R/W LINE OF HAIN RD.

FD 1" IRON PIPE. ABOUT 3' WEST OF THE FD PIPE I FD A N/S WATER LINE ABOUT 6" BELOW PVMT.

NOTE: THE EARLY CEMETERAY PLATS REFLECT MANY DRASTIC REPLATING AND RELOCATION OF DRIVES.

C) Was the corner restored through acceptance of (1) an obliterated evidence location, or, (2) a found perpetuated location?

IN 1985 SANDSNES FOUND A BENT PIPE WHICH APPEARS TO PERPETUATE THE CENTER OF SECTION 9.

D) Describe any material discrepancy between the location of the corner as restored or reestablished and the location of that corner as previously restored or reestablished by distance and direction. Show the discrepancy on the plan view drawing under (a), above. Show the distances between the corner as previously restored or reestablished and (1) the corner as restored or reestablished, and (2) to at least 4 of the witness monuments shown on the drawing in (a), above.

(E) Was the corner reestablished through lost corner proportionate methods? If so, show the method, including the directions and distances to other public land survey corners used as evidence or used for proportioning the corner location.

I, **Donald Barnes**, hereby certify that the corner location as identified by the corner code index was determined by me under my direction and control and that this U.S. Public Land Survey Monument Record is correct and complete to the best of my knowledge and belief.
