CONSTRUCTION UPDATE

CTH A (CTH M to Tarrant Rd)

October 07, 2021

Construction

- The county construction crew has completed excavation and subbase installation of the roadway.
- Cross culvert installation is ongoing, anticipated completion is early to mid-next week.
- Prepping final grade for asphalt paving will follow the completion of the cross-culvert installation.
- Asphalt paving is tentatively scheduled for Monday October 18th and will continue through the end of October.
 - Paving of the mainline will occur first, followed by paving roadway intersections and driveways.
 - After paving is completed, finish work such as shouldering, ditch grading, pavement markings, and signage will occur during the month of November.

General Information

- This section of roadway is CLOSED TO THRU TRAFFIC.
 - The anticipated re-opening of CTH A to thru traffic is currently scheduled for mid to late November 2021.
