Noon – 4 PM Enjoy delicious ice cream, cake and beverages while being serenaded by the Mill Road Band. Contact Lyn Fosler at 608-362-3954 or 608-751-1551 for further details.

August 19, 2010 – Rock County Beef Producers Steak Cookout

5 – 8 PM at the Rock County Fairgrounds

NOTE: It is possible that at any of the above listed events a quorum of a governmental body may be present, however, no business of that governmental body will be conducted.

Note: When you fill out the white, half sheet per diem please leave the bottom line open for the County Board Chair to sign off on. If you need the Committee Chair to sign off on a per diem, have them initial after your name or on the line for attending meeting lasting longer than 4 hours. New per diem sheets will be available for you shortly.

Any Supervisor who finds himself/herself near the Courthouse on a Friday around 2:30 P.M. may stop in and pick up their weekly packet.

As a way to cut County costs and to be more "earth friendly" we now have the full agendas and minutes for the County meetings on the County's website at www.co.rock.wi.us. On the home page go to the far right, under the weather area is a listing of the meetings for the week. Click on the meeting of your choice and it will bring up a page showing the dates for the agenda/minutes, click on the green checkmark and it will open the document. You may then print any or all pages you wish. If you would like save even more County funds you could receive your packet in this manner - e-mail (marilyn@co.rock.wi.us) or call me (757-5510). Thank you.

Happy Birthday this month to Supervisor

June

Thompson

Green Tips of the Week: Smoke Detectors: According to the U.S. EPA, both photoelectric and ionization smoke alarms contain plastic, electronic circuit boards and in some cases, batteries. The most common type of smoke detector contains a small amount of Americium 241, a radioactive material. Because of this, smoke detectors can't be recycled.

1) Don't use rechargeable batteries in your smoke detector. Because of the slow drain on the battery, rechargeables are not suited for this purpose. Safely recycle those single-use batteries when you change them. 2) Though you want to use a product to its fullest, smoke detectors should be replaced every eight to 10 years. 3) If you need to replace your smoke detector, check to see if the plastic cover (made of PVC) can safely be removed and recycled, before you put the remainder in the trash see if you can send it back to the manufacturer. 4) Put the names, address, website, etc. on the bottom of the smoke detector before you throw the packaging away.
