#### **Executive Summary**

## **Authorizing Award of Rock Haven Security Porch Screens**

Screened porches for the new Rock Haven facility was originally included in the bid to the general contractor. Two porches per neighborhood (a total of eight porches) allow residents to be outside in a secure setting while looking out to the exterior of the facility. As a result of the state inspector requiring a second mezzanine stairway and fire egress, the area containing the exterior porch was the least costly to modify allowing for fire egress. Subsequently, it was decided to remove this feature from the general contractor and bid out separately.

Bids were received and the low bid from Rock River Construction of Beloit, WI in the amount of \$39,906.00 is recommended.

Additionally, the project scope calls for sidewalks to connect the fire egress from the screened porches to the outside sidewalk area. The current walkways consist of crushed limestone that will need ongoing maintenance and not suitable for wheelchair traffic. Quotes have been obtained and a purchase order in the amount of \$5,000 is being issued to Powell Construction of Milton, WI.

Funds are available from the Rock Haven project account including a credit the County will be receiving from the general contractor budget.
