# **Executive Summary**

# Authorizing the Use of Contingency Funds for Courthouse Security Phase II and Amending 2017 Facilities Management Capital Budget

The resolution before you is authorizing the use of the \$15,000.00 contingency funds approved March 24, 2016 in Resolution 16-3B-514 which contracted with Potter-Lawson for \$30,000.00 to develop options and costs for Phase 2 building access and security screening at the Courthouse.

After receiving many questions from the citizens and board members. Additional information is needed to make the best decision related the parking structures, loading dock and the east employee entrance.

The \$15,000.00 Contingency funds have been applied to the Courthouse Security Phase 1 bid that came in over budget. Therefore this resolution also amends the Facilities Management budget by applying sales tax to cover this cost.

We have some unused playground equipment that is installed within the fenced in area at the Job Center. It is no longer used and is just taking up storage space. It is installed over a rubber matt and anchored to the concrete. I would like to have it removed.

Lori Williams, Rock County Parks Director, contacted the vendor to get a quote to have it moved to one of the County parks, and the quote was \$10,000. Lori said, based on that price, she is not interested in moving it to one of the County parks.

Kevin and Angel Eggers, with Compass Behavior Health Facility, which is a nonprofit facility located next to the Job Center, is interested in moving the equipment to a fenced in grass area and using it for play therapy. Phil Boutwell stated that would be great to give that to Compass as Human Services clients can benefit from that.

I am concerned with selling it as surplus due to the liability if someone purchases it, has trouble moving it, or does not set it up correctly.

I would like the Finance Committee's approval to donate this playground equipment to Compass?
