To:Taya WalkFrom:Joanne FossDate:September 24, 2020Subject:Rock Haven 2nd Quarter 2020 Financial Results

Attached please find a schedule showing the 2nd quarter 2020 financial results for Rock Haven compared to the 2020 budget. Figures shown are through June. Through the end of the 2nd quarter we should be at 50% of our budget. Following are explanations for some items that are different than expected:

Revenues:

- Rents & Commissions are under. This is for commissions we received from our vending machine. We budgeted to receive \$75/month but averaged \$53/month through the 2nd quarter.
- Intergovernmental Charges Federal is under. Medicare is under. Medicare was budgeted for 15 patients per day, through the 2nd quarter of 2020 we averaged 7 patients per day.
- Miscellaneous General Revenue is under. This is for miscellaneous revenue including rebates and recycling. We budgeted to receive approximately 833/month and through the 2nd quarter we averaged 544/month. Beauty and Barber services was budgeted at \$666/month and through the 2nd quarter we averaged 407/month. This account is very dependent on the type of patient in the facility.

Overall total revenues were at 52% which is 2% over our 2nd quarter projections.

Expenses:

- Overtime Wages are over. While productive wages are under in expenses through the 2nd quarter overtime wages were over for RN's at Limestone Court (75%), RN's at Sandstone Court (115%), LPN's at Limestone Court (102%), LPN's at Sandstone Court (105%), CNA's at Limestone Court (76%), CNA's at Sandstone Court (61%), RN Supervisors (56%), and ES (168%).
- Per Diems is over. This is for per diem paid to members of the Health Services Committee. As
 explained in the 1st quarter, changes in committee members when the budget was originally
 prepared contribute to an increase.
- Compensation is over. As explained in the 1st quarter, this is an annual charge for Worker's Compensation cross-charged in the 1st quarter.
- Other Personal Services are over. Charges for physicals for new staff were budgeted for \$333/month and actual expenses averaged \$407/month through the 2nd quarter.
- Professional Services are over. As explained in the 1st quarter an annual cross charge in the 1st quarter from the IT department (\$319,160) and an annual charge for pest control services (\$1,710) resulted in an overage through the 2nd quarter.
- Machinery & Equipment R&M is over. Most of the charges are from repairing the EZ-Way lifts & stands as well as the dish machine booster tanks, control boards.
- Building Service Equipment R&M is over. As explained in the 1st quarter, the overage was due to the annual elevator service contract (\$4,198.93) and the annual fire & security inspection agreement (\$11,106) both charged in the 1st quarter. There was an unexpected \$17,000 repair

to the Multistack\GEO-Thermal system in April, and we had to replace a \$10,000 water heater. The budget was increased to cover these expenses.

- Sundry Repair & Maintenance Services are over. This is for our software maintenance charges including a quarterly charge for our Electronic Charting System software maintenance (\$5,271) and an annual charge for Relias training software (\$15,547.28) all charged in the 2nd quarter.
- Office Supplies & Expenses. Mass mailings notifying residents and guardians regarding COVID-19 related information continue to cause an overage in postage through the 2nd quarter. Also, the mass mailing resulted in more need for ink, toner, and paper. We budgeted \$3,400/month for Pharmacy and through the 2nd quarter our costs averaged \$4,985/month. As in the first quarter the explanation is the same in that the purchase of the rest of the new china and a commercial toaster for the 4 Kitchenettes has put our usage over the percentage and should equal out throughout the year for the Other Expenses Account. There have also been COVID charges that had to be absorbed in that account before the COVID account became available. Due to COVID there was an emergency order to stock up on paper supplies that was requested by our Interim Nursing Home Administrator when we started getting ready for the pandemic. We had to start covering everything and using a lot more disposables with communal dining suspended. We also have a 2 week supply of disposables to be used for any unit that may go on lockdown. This and the extras we have in storage for an outbreak are the reason for the percentage to be over by the amount it is.
- Publications, Dues & Subscriptions are over. Annual membership dues to Wisconsin LeadingAge (\$5,760) were charged in the 2nd quarter.
- Operating Supplies are over. As explained in the 1st quarter clothing allowance for Nursing Assistants, dietary staff, environmental services and materials staff were paid at the beginning of the year. Janitorial/Cleaning Supplies was over due to extra disinfecting of the entire facility. We had increased ordering of bleach, disposable towels, and hard surface disinfectants.
- Medical Supplies are over. At the end of the 2nd quarter PPE was purchased due to COVID-19.
 Some of the PPE that was ordered for COVID included N95 Masks, shields, hand sanitizer, and 3 ply masks.
- Recreational Supplies/Expense is over. This is for the monthly payment to Charter Communications for cable television connections in resident rooms. Cable TV was budgeted for \$1,333/month and actual charges through the 2nd quarter averaged \$1,382.91/month.
- HCC/Rock Haven Supplies/Expenses are over. This includes disposables provided to Rock Haven residents. Product usage fluctuates depending on need. This was budgeted at \$6,833/month and through the 2nd quarter expenses averaged \$7,432. Disposable washcloths were purchased due to COVID-19 (\$1,683).
- Insurance Expense is over. The overage is the annual expense for the Wisconsin Municipal Insurance Co. facility liability insurance (\$43,401.51), the Resident Trust Bond (\$500), Provider Liability Insurance (\$5,806) and MMIC Facility insurance (\$28,800) charged through the 2nd quarter.

After the total appropriation was adjusted for budgeted depreciation which does not affect the tax levy, overall total expenditures are at 49% which is 1% under our 2nd quarter projections.

Rock Haven COVID-19 Testing

Resource: QSO-10-38-NH, August 26, 2020, Interim Final Rule, CMS-3401-IFC, Additional Policy and Regulatory Revisions in Response to the COVID-19 Public Health Emergency related to Long-Term Care(LTC) Facility Testing Requirements and Revised COVID-19 Focused Survey Tool

1. <u>Routine Testing of Facility Staff:</u>

- a. Facility staff includes employees, consultants, contractors, volunteers, and caregivers who provide care and services to residents on behalf of the facility, and students in the facility's nurse aide training programs from affiliated academic institutions. For the purpose of testing "individuals providing services under arrangement and volunteers," Rock Haven will prioritize those individuals who are regularly in the facility (e.g. weekly) and have contact with residents or staff.
- b. Routine testing is based on the extent of the virus in the community. Every 1st and 3rd Monday, Rock Haven will evaluate the county positivity rate in the prior week as the trigger for staff testing frequency.

Community COVID-19 Activity	County Positivity Rate in the past week	Minimum Testing Frequency
Low	<5%	Once a month
Medium	5%-10%	Once a week
High	>10%	Twice a week

c. Residents will not be tested for routine testing of the facility unless the resident leaves the facility routinely.

2. <u>Testing of Staff and Residents in Response to an Outbreak:</u>

- a. An outbreak is defined as a new COVID-19 infection in any healthcare personnel (HCP) or any nursing home-onset COVID-19 infection in a resident. A resident who is admitted to the facility with COVID-19 does not constitute a facility outbreak.
- b. Upon identification of a single new case of COVID-19 infection in any staff or residents, all staff and residents should be tested.
- c. All staff and residents that tested negative should be retested every 3-7 days until testing identifies no new cases of COVID-19 infection among staff or residents for a period of at least 14 days since the most recent positive result.
- d. For individuals who test positive for COVID-19, repeat testing is not recommended. A symptom-based strategy is intended to replace the need for repeated testing.
