Mercyhealth provides external health care providers with access to protected health information ("PHI") for treatment purposes through Mercyhealth EpicCare Link. Mercyhealth's insurer, MercyCare, provides employer groups and providers with access to PHI for various care management and payment activities through MercyCare Plan Link.

In order to use Mercyhealth EpicCare Link or MercyCare Plan Link (individually or collectively referred to as "Program"), the above-named Site agrees to the following:

- 1. Site will designate a Site Coordinator and an alternate Site Coordinator and will provide the names, titles, telephone numbers, and email addresses of those individuals to Mercyhealth immediately upon signing this agreement. Site will ensure that Site maintains a Site Coordinator and an alternate Site Coordinator throughout the duration of this Agreement. In the event that Site Coordinators or alternate Site Coordinators change, Site will notify Mercyhealth within five (5) days the name and contact information of the new Site Coordinator and/or new alternate Site Coordinator.
- 2. Site, through its Site Coordinator and others, will:

  - b. Request new User identifications ("IDs"), request termination of User IDs, password resets, and generally help Users with any questions. For each new User request, Site will be given a User name and temporary password.
  - c. Ensure that each User enters a password known only to the User the first time the User uses Program and changes the password every three (3) months or more frequently if requested by Mercyhealth.
  - d. Not share passwords or any other access information or allow or assist anyone to access the Program who is not an authorized User. If Site believes another person has obtained any username or password, Site will inform the Mercyhealth Privacy Officer.

- e. Verify the role-based need for Program access by any User for whom Site requests such access.
- f. Verify on at least a quarterly basis, or as otherwise requested by Mercyhealth, that Site User list is accurate. Site Coordinator will provide verification of the User list within fifteen (15) days of receiving the User list request from Mercyhealth.
- g. Permit each User to only use the Program for the purpose(s) specified above.

- i. Review and evaluate monthly Program access logs, provided by Mercyhealth, to determine whether access of Program is appropriate. Site will submit quarterly audit reports to Mercyhealth Privacy Officer. Site understands that Mercyhealth may from time to time provide Site with guidelines for auditing access and Site agrees to comply with those guidelines in reviewing and evaluating Program access logs and submitting reports to Mercyhealth.
- j. Ensure that Users log out of the Program before leaving the computer, do not share User IDs or passwords, and take other reasonable privacy and security safeguards, with respect to the Program and its PHI, as needed.
- k. Not download, copy and paste, or in any other way electronically reproduce PHI or documents to any computer, copier hard drive, external device, or any other type of media. If documents are printed, documents must be kept secure while in use and securely disposed of when no longer needed.
- Advise patients/health plan members requesting amendments to Mercy PHI that the Site does
  not have the authorization to alter historical Mercyhealth electronic record entries and that
  any amendments or corrections to individual's Mercyhealth record must be made by
  contacting the Mercyhealth Privacy Officer.
- m. Immediately notify Mercyhealth upon determining that a User's access to Program should be terminated for any reason.

- o. Cooperate with Mercyhealth and promptly provide any requested information regarding any use of Program or disclosure of its PHI that is questioned by Mercyhealth or any other party.
- 3. Site understands and agrees that Mercyhealth may terminate Site access at any time, with reasonable advance notice when feasible, so as not to compromise patient/health plan member care or safety.
- 4. Site understands that individual User names and passwords will comprise employee electronic signature. The electronic signature will be treated as true authentication, indicating acceptance and completion of all electronic entries into Mercyhealth information systems in accordance with Mercyhealth policy and federal and state regulations.
